

# **EVERY VOICE MATTERS**

Please join our team at the next Sunnyvale Town Hall meeting to show city solidarity

## **Sunnyvale Town Hall Meeting**

**Where:** Sunnyvale Community Center Ballroom  
550 E. Remington Drive, Sunnyvale

**When:** Thursday, August 23

**Time:** 6-7:30pm

**Join representatives from the City of Sunnyvale, Congressmen Ro Khanna, and neighboring airports to discuss and gather input about airplane noise in our community**

**With a strong team, we will continue to protect our city's airspace**

Our team has accomplished the following over the past year:

- Alongside the San Jose Airport Ad-hoc committee, we created an in-depth report for the FAA to consider various suggested mitigations for noise over Sunnyvale
- Successfully worked with the FAA to prevent proposed Class B SFO airspace changes over Sunnyvale. Our work likely prevented additional San Francisco flights over our city
- Currently working with FAA and Surf Air pilots to find alternate paths for San Carlos Airport that relieve airplane noise over Sunnyvale residents
- We have engaged with other communities around the nation, to monitor and petition to create a better FAA reauthorization bill

**The Sunnyvale skies are generally quiet now, but this quiet is only temporary!**

This fight is not over! We must stand together to prevent further flight paths from being shifted and concentrated over our city. Make your voice heard by attending the Townhall mtg.

**Join us in the continued fight to preserve our quiet Sunnyvale airspace**
